# Department Message

**From the staff at the Ojai Recreation Department, we welcome you to the summer edition of the Parks & Recreation Activity Guide!**

This season, we're offering an exciting array of family-friendly special events, recreational classes, and enrichment programs for the community to enjoy. Starting with events, the Recreation Department's Open House event is scheduled to take place on Saturday, May 25, 2024 from 10:00 a.m.-1:00 p.m. at Sarzotti Park, 510 Park Road. The free community event will showcase many of the department's offerings and include program demonstrations. Instructors will also be on-site to answer questions about their respective programs, and staff can assist with summer registrations. Activities at the open house event will include informational booths, raffle giveaways, 5-A-Side awards, food trucks, game room play, bounce houses and so much more! During the summer months, the department is set to host a range of offerings including classes, camps and enrichment programs. Specialty youth camps will include, Soccer, Dance, Bravo Music and Arts, Mindful Movements Arts, Lego, and more!

Whether it's for a program, an activity, or a camp, financial means should never be a reason that a youth is not able to participate in an offering. For this reason, the Department is proud to offer youth scholarships-to ensure that little ones have the opportunity to participate in recreational classes, programs, and camps to further enrich their lives. To learn more about scholarships, please visit our main office, 510 park road, or give us a call at 805-646-5581 ext. 390.

We appreciate the support throughout the year from our community members and visitors. We look forward to seeing you at the parks and recreation facilities!

## Instructor Highlight

Meet Terry Kvasnik, an accomplished international movement artist and stuntman with over two decades of experience, from Cirque Du Soleil to touring with renowned artists. Terry's journey began in gymnastics at the age of 3 and escalated to joining the circus at 18. Specializing in Acrobatics, Breakdance, Kung Fu, and Parkour, Terry has traversed the globe, learning from esteemed mentors and masters of movement, eventually becoming a teacher himself.

Discovering the Art that is Mindful Movement over ten years ago, Terry's mission is to share his expertise in a fun, creative manner while imparting invaluable life skills. Through a structured syllabus akin to martial arts progression, students embark on a journey of self-mastery, building confidence, physical prowess, and agility in a supportive environment. Using a headband system for tracking progress, students can elevate their skills to international standards at their own pace while enjoying the camaraderie and joy of the practice.

Currently, Terry leads the Parkour and Breakdance programs at the Ojai Rec Center, guiding children to express themselves dynamically and safely while gaining essential skills for personal growth. Grateful for the community that has emerged from his classes, Terry is honored to be a member of and contribute to the Ojai community.

For more information on Mindful Movement Arts and to connect with Terry, visit [MindfulMovementArts.com](http://MindfulMovementArts.com).

## Horsemanship - Western Horsemanship Lessons

### Ages 4 - 17

Howdy! Ready to learn how to ride? Tiffany Colohan, owner of Infinite Horsemanship, has developed a great program to teach young kids the fundamentals of horseback riding and horsemanship! The program allows young riders to be comfortable with horses and teaches basic riding skills, and how to care for a horse, including grooming, proper use of tack, and saddling. Participants are encouraged to bring a water bottle, a hat, and sunscreen. Requirements include comfortable sturdy closed-toe shoes (riding boots are encouraged).

## Breakdance - Mindful Movement Arts

### Ages 7 - 12

This course is open to beginners and as a continuation for former students to advance further.

Break Dancing is an energetic style of street dance and is one of the 4 cornerstones of Hip-Hop. Anything goes, in terms of movement, as long as it is done to a beat. Practitioners, called B-Boys or B-Girls, utilize four different elements: Top-rocking, Footwork, Power moves, and Freezes to express their creativity and movement style through music.

The Mindful Movement Arts is a system designed for empowering students through the movement arts. Building self-confidence, self-love, self-discipline, and self-respect through a range of creative movement practices. Offering a path to self-mastery in all that you do.

## Parkour - Mindful Movement Arts

### Ages 7 - 12

This course is open to beginners and as a continuation for former students to advance further.

Parkour is an athletic training discipline in which practitioners move from point A to point B in the most fluid and creative way possible. It is about seeing obstructions not as a block but as an opportunity to cleverly and creatively move past them. Learning movements such as Vaults, Light Foot Technique, Spins, Twists, and Monkey Rolls gives practitioners a level of agility and insight that keeps them safe while traversing their environment in style.

The Mindful Movement Arts is a system designed for empowering students through the movement arts. Building self-confidence, self-love, self-discipline, and self-respect through a range of creative movement practices. Offering a path to self-mastery in all that you do.

## Parkour Advanced - Mindful Movement Arts

### Ages 7 - 12

**\*Prerequisite Required:** All participants must have completed the foundation level Parkour Class or have permission from instructor to enroll.

This class is for students who have previously completed the foundation level Parkour Class and are ready to take their parkour skill to the next level. Participants will learn advanced and specialist parkour skills such as Kong Vaults, Spinning Axe Flip, 360 Precisions and high speed obstacle traversing. There will also be more use of the outdoor area of the park to apply the techniques, develop risk assessment, and make wise judgment calls in real time scenarios. This will call upon higher levels of practice in control, focus, and awareness to take their parkour skills to the next level.
